Dr. Savaglio-Jarvis presented the Equipment Use for Softball and Baseball presented by Mr. Steven Knecht, Coordinator of Athletics/Physical Education; Dr. Savaglio-Jarvis; and Dr. Mangi, excerpts follow:

“In an effort to continually service the safety needs of Wisconsin’s student athletes, the Wisconsin Interscholastic Athletic Association (WIAA) is continuously working with coaches, athletic directors, and their medical advisory teams. Approximately five years ago, the WIAA added language to the bylaws stating that schools can issue protective equipment in the summer to their students with approval of their governing board for reasons of safety. At that time, the Kenosha Unified School District Board of Education granted schools permission to hand out protective football equipment in the summer.

In April of 2013, the WIAA membership passed this new rule. Per this new rule, the governing body of Kenosha Unified School District must approve the distribution of school baseball and softball equipment to its students during the school year. All equipment has a cost to purchase and a cost to recondition. The rationale for having the governing body approve the equipment use is that it may have an impact on the athletics budget.

During an open gym, a pitching machine can be used which delivers a ball at speeds up to 80 miles per hour. It makes sense that the district provides appropriate tools for students to use and the proper safety equipment to protect them. Under current practice, students who attend an open gym that do not have their own equipment would not get the opportunity to participate in certain activities that require protective equipment. The cost for the use of district equipment is minimal compared to the risk a student faces without the equipment. This rule change is purely in the interest of safety for student athletes.

At its March 11, 2014, meeting, the Curriculum/Program Standing Committee voted to forward the following recommendations to the School Board for consideration: It is recommended that the Board grant approval for use of protective equipment for softball and baseball during the school year outside of the sport season and, additionally, it is recommended that the Board

Kenosha Unified School District's English-as-a-second-language teachers and the dual language teachers agree with purchase of the Ellevation program.

At its March 11, 2014, meeting, the Curriculum/Program Standing Committee voted to forward this report to the School Board for consideration. Administration recommends that the School Board approve the Ellevation software proposal as presented."

Mrs. Taube moved to approve the Ellevation Proposal. Mrs. Coleman seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented the Middle Schools Honors report submitted by Dr. Bethany Ormseth, Interim Assistant Superintendent of Secondary School Leadership; Dr. Savaglio-Jarvis; and Dr. Mangi, excerpts follow:

"A request was made at the Curriculum/Program Standing Committee for an update regarding middle school honors. This informational report contains a brief background of middle school honors, the 2013-14 first semester honors distinction and advanced math numbers, key findings from Hanover Research, and information regarding follow-up.

On Tuesday, March 11, 2014, the Curriculum/Program Committee recommended that the board authorizes exploration of the gifted and talented program; and expansion for grades 6, 7, and 8 be implemented as soon as possible. The Curriculum/Program Committee further recommended that the board authorize an expansion, at minimum, of the seventh and eighth grade honors English curriculum.

Administration recommends an exploration of a gifted and talented sixth through eighth grade middle school program for the 2015-16 school year.

Administration recommends a seventh and eighth grade honors middle school English course. The honors English course will have a well-developed curriculum meeting expectations for student growth and learning."

Mr. Flood moved to approve the exploration of a gifted and talented sixth through eighth grade middle school program for the 2015-16 school year and a seventh and eighth grade honors middle school English course for the 2014-2015 school year. The honors English course will have a well-developed curriculum meeting expectations for student growth and learning. Mrs. Coleman seconded the motion. Unanimously approved.

Mr. Keckler presented the Disaster Recover/Data Archiving Technology Upgrade submitted by Mr. James Hanrahan, Operations & Applications Support Coordinator; Mr. Keckler; and Dr. Mangi, excerpts follow:

“The Kenosha Unified School District is a very large organization with ever growing demands related to student, staff and operationally sensitive data. The responsibilities associated with this data covers educational value, management of resources and assets and critical employee information. The current backup option is limited in scope and is over six years old. Even with the emergence of external cloud (internet) storage utilization for some systems and files, the amount that requires internal management has grown exponentially over the last several years.
