

KENOSHA UNIFIED SCHOOL BOARD
PLANNING/FACILITIES/EQUIPMENT MEETING
Educational Support Center – Room 110
August 11, 2015
MINUTES

A meeting of the Kenosha Unified Planning/Facilities/Equipment Committee chaired by Mr. Flood was called to order at 5:32 P.M. with the following committee members present: Ms. Stevens, Mr. Zielinski, Mr. Thomey, and Mr. Flood. Dr. Savaglio-Jarvis was also present. Mr. Falkofske, Mrs. Bothe, and Mr. Schaffrick were excused. Mr. Valeri and Mr. Butts were absent.

Mr. Flood indicated that no action would be taken on any agenda items due to lack of a quorum.

Approval of Minutes – April 14, 2015 Planning/Facilities/Equipment

Mr. Flood indicated that due to lack of a quorum the minutes would be addressed at next month's Committee meeting.

EBSOLA Adjacent Vacant Parcel

Mr. Patrick Finnemore, Director of Facilities, presented the EBSOLA Adjacent Vacant Parcel. He indicated that when the district purchased the land which Edward Bain School of Language and Art (EBSOLA) was constructed on, the southeast four acre corner of the property was not purchased due to the fact of a localized area of groundwater contamination. Despite the four acre portion of land not being purchased by the district, an agreement was developed for the district to maintain the right to someday acquire the land. Approximately three years ago, representatives from the city, county, Wisconsin DNR, and the district met with the intent on developing a plan to clean up and find a use for the four acre property. It was agreed that if outside funding was obtained, the county would take ownership of the property and then transfer ownership to the city at no cost. The city would oversee the clean-up of the property with the DNR through final closure of the remediate by the DNR. The city would then transfer ownership of the property to the district at no cost. The district, in turn, would be responsible for costs associate with the improvements of the property, i.e. parking lot and/or green space.

Ms. Stephens requested a copy of the land development plans for the four acre corner of property that was not purchased. Mr. Finnemore indicated that he would get that information to Ms. Stephens.

Dr. Savaglio-Jarvis indicated that this item would be forwarded to the doard for consideration at the August board meeting.

Provisions Governing the Transportation of Students Attending Public and Private Schools for the 2015-2016 Year

Mr. Finnemore presented the Provisions Governing the Transportation of Students Attending Public and Private Schools for the 2015-2016 Year. He noted that this is an annual report and there were no changes in the areas covered by transportation. He informed the

committee that a new five year contract agreement with First Student and the District has been reached.

Mr. Flood noted that no action would be taken on this item due to lack of a quorum and that it would be forwarded to the Board for consideration.

Information Items

Mr. Finnemore presented the Pella Window Problem at Three Schools. He informed the committee members of the window problems at Pleasant Prairie, Somers, and Stocker elementary schools which began to emerge as early as 2008. The issues, which are continuing to expand in scope, are consistent with the progressive modes of failure of wood due to excessive and unabated moisture. In 2010, a class action lawsuit was filed and approved against the window manufacturer, subsequently thrown out in 2014, and then since refilled. Best case scenario would be to obtain all or a portion of the funding for the replacement of the windows from the manufacturer and/or others either through a negotiation settlement or via a lawsuit. If adequate funding from the manufacturer and/or others cannot be obtained through negotiation or the legal process, the district will need to fund the replacement projects through other means. The two most likely options would be our Major Maintenance budget or via the Energy Efficiency Revenue Limit Exemption. In either case, the absolute earliest that work could start on any of these projects would be the summer of 2016. At this point, there is no certainty on how the situation will end up; therefore, the item is just informational. Finnemore will present a recommendation once more information is known.

Mr. Finnemore presented the Capital Projects Update which included the status of the outdoor athletic referendum project, energy efficiency projects, and the security projects as noted in the agenda. There were no questions by committee members.

There were no questions by the committee members on the Utility and Energy Savings Program Report. Mr. Finnemore indicated that he would have the year-end utility and energy savings summary next month.

Future Agenda Items

There were no future agenda items noted.

Meeting adjourned at 6:06 P.M.
